SUPPLIES LTD.

# TRADE CATALOGUE 21/22

Welcome to the new Celtic Equine 2021/22 Trade Catalogue.

As we move into our 17th year in business, we continue to keep customer service as our main focus. Achieving high levels of communication and a quick dispatch of orders is 'front and centre' for our daily business. Our friendly office team will always be happy to assist with product advice, stock availability and general support when required, for both existing and new customers.

Globally, a lot has changed in the last two years! As an Irish based company, Brexit initially presented problems but Covid-19 has been the biggest challenge for all the International Equestrian business's.

Manufacturing plants in Asia have suffered due to the pandemic, lock downs and inevitable staff shortages have resulted in supply chains being interrupted. We are currently facing widespread commodity inflation and unprecedented shipping costs.

However, thankfully Celtic Equine continues to grow and expand. An increased product offering in conjunction with stronger brand awareness has bolstered the loyal support of our customers throughout the world. We are excited to add new products to the Breeze Up Collection and some fresh brands to the ever expanding portfolio.

Going forward, we will continue to offer our cordial Irish assistance and remain most grateful for your continued and valued support.

*Ben Hill*

'OXFORD' BLOUSON JACKET

‘OXFORD’ BLOUSON  
WINTER JACKET

Breeze Up jackets are fleece lined and water repellent with taped seams. The jacket is specially tailored at the back to repel moisture while riding out.

Available in black, navy, red, green and royal blue the Breeze Up jacket comes with elasticated cuffs and zipped pockets.

‘OXFORD’ BLOUSON  
SUMMER JACKET

The “Summer” Breeze Up weatherproof jacket supports all the key functional design features of our regular Breeze Up jacket but now also caters for warmer weather.

The light weight mesh inner lining facilitates the transfer of heat generated moisture away from the body, so one can remain comfortable even on those warm damp days.

Available in black, navy, red, green and royal blue the Breeze Up jacket comes with velcro cuffs and zipped pockets.

EXERCISE BREECHES

These ¾ length breeches are tailored for exercise/riding out and have been the professionals “go to” for over 10 years.

Consistently one of our “best sellers”, these double layered exercise breeches are practical and durable, yet also super comfortable.

A special Teflon coated fabric means they are water resistant. There is also the option of contrasting seat and lower leg suede patch colours.

Look after these breeches and they will look after you!

## **PUISSANCE MENS BREECHES**

Our classic cut Puisseance Breeches come with Teflon coating, making these the ideal hard wearing breech for everyday or competition riding.

The Teflon coating provides an invisible shield that repels water & stains without impacting on the breathability of the four way stretch material.

Other features include pleated front, side pockets, belt loops, double front closure & single back pocket.

Available in Mouse Brown, White & Charcoal Grey.

# GROOMING

GALLOP CONDITIONING SHAMPOO

Conditioning shampoo that removes dirt, grease and dust.

Gallop Conditioning Shampoo has a distinctive, traditional aroma that removes dirt, sweat and grease from the coat and is suitable for routine use. Thanks to the low foaming formula, it is quick to use and easy to rinse.

**Application**  
Add 5-6 capfuls to a bucket of water, or apply undiluted to a wet coat. Massage into the coat with a sponge, brush or by hand, then rinse thoroughly for immediate results. 500ml will last for 5-10 washes.  
Size: 500ml, 1 Litre, 5 Litre

500ml	CDM-CC001
1 Litre	CDM-CC003
5 Litre	CDM-CC005

GALLOP EXTRA STRENGTH SHAMPOO

Powerful cleaning for dirty, greasy or light coloured coats.

500ml	CDM-CC007
-------	-----------

GALLOP STAIN REMOVING SHAMPOO

Super powerful stain removing shampoo for stubborn ingrained stains.

Gallop Stain Removing Shampoo is an extra thick, concentrated, purple formula with powerful stain removing properties to enable you to remove the most stubborn and ingrained grass and stable stains. Ideal for light coloured horses and problem areas such as knees and hocks. Cleans whiter than white – even removes manure yellowing, yet still kind on sensitive skin.

**Application**  
Apply directly to a wet coat. Work in well with a brush, sponge or by hand to produce a good lather, then rinse thoroughly. For problem areas, such as hocks and knees repeat the process.

500ml	CDM-CC009
-------	-----------

GALLOP MEDICATED SHAMPOO

Deep cleaning, medicated shampoo with added coat conditioners.

Gallop Medicated Shampoo is a high specification formula ideal for dry, flaky, itchy, scurfy and sensitive skin. Soothes and calms irritated, sore, damaged and sensitive skin. The pH neutral formula contains both antibacterial agents and natural oils that helps soften and lift scabs and dandruff. Provides exceptional conditioning, noticeably softer hair and a shiny coat.

**Application**  
For routine use: Apply directly to a wet coat or dilute 5-10 squirts in a bucket of water. Work in well with a brush, sponge or by hand to produce a good lather, then rinse thoroughly. For use on skin conditions. Leave in contact with the skin for approximately 5 minutes to allow antibacterial cleansing. Rinse thoroughly paying attention to affected areas.

500ml will last for up to 10 washes.

GALLOP COLOUR ENHANCING SHAMPOOS

Cleans & intensifies natural coat colour and sheen

Gallop Colour Enhancing Shampoos are uniquely formulated luxury shampoos available for every colour of horse. The shampoos can be used routinely but are ideal for show preparation for that extra edge. These shampoos use colour enhancers and optical brighteners to intensify the natural coat colour to a showing standard.

Available for Bay, Black, Grey and Chestnut & Palomino horses though an exact match to a horse's natural coat colour is not necessary to achieve stunning results.

*Application*  
Apply directly to a wet coat. Work in well with a brush or sponge or by hand to produce a rich lather, then rinse thoroughly. Results are immediate. May also be used on manes and tails.

500ml will last 5-10 washes

-------	-----------

CANTER COAT SHINE

Provides an instant, long-lasting sheen.

Canter Coat Shine helps repel grass stains, mud and soiling and provides an oil free shine, leaving the coat non-greasy. This multi-use coat conditioner not only makes the application of quarter markings easy but can also be applied to the chest and shoulders to help stop rugs and blankets from rubbing.

*Application*  
Spray evenly over the coat, then wipe over with a cloth or brush to achieve an even finish. Can be used on wet or dry hair.

For best results, shampoo first with Gallop Shampoo. Results are immediate and last for up to 7 days. 500ml will last for up to 2 months, dependent on usage

500ml	CDM-CC042
-------	-----------

DREAMCOAT

Ultimate coat finish; Produces the ultimate high gloss, non-greasy finish.

Outshine the competition with Dreamcoat, the ultimate high gloss finish. The unique non-slip formula highlights muscle definition and can be used on the saddle patch, leaving no grease or residue. Spray Dreamcoat onto manes and tails prior to plaiting for a high shine finish.

*Application*  
Spray the fine mist over the body, mane & tail for the ultimate even application. Brush to polish.

# CORNUCRESCINE ORIGINAL HOOF OINTMENT

Step 2 of the Cornucreesine 3 Step System for total hoof care.

Unique formulation that promotes and aCDM-CCelerates healthy hoof growth

A unique, traditional formula used and trusted for generations. Massage into the coronet band to promote healthy hoof growth. Maintains optimum hoof condition and aids re-structuring & growth of the hoof. Application by hand or with a toothbrush stimulates keratin producing cells. Hoof Ointment also aids re-growth of hair after rubs or scarring.

*Application*  
Apply to clean hooves, by hand, rubbing in well around the coronet band and into any cracks. Use weekly to maintain a healthy growth of horn, or daily to aCDM-CCelerate hoof growth and improve poor hoof quality.

Due to increased hoof growth during use, hooves may need trimming more frequently. Results will be visible in 4-6 weeks.

250ml	CDM-HO100
500ml	CDM-HO102

# CORNUCRESCINE DAILY HOOF DRESSING

Step 3 of the Cornucreesine 3 step system for total hoof care.

Option 1: Nourishes and maintains healthy hooves

A nourishing dressing based on the original Cornucreesine formula as a minimum requirement for hoof care. Suitable for all hoof types and ideal for daily use. Contains an integral, quality brush for easy application.

*Application*  
Ensure the hoof is clean and dry. Apply liberally with internal brush to the hoof wall and if required, the sole, on a daily basis.

For damaged hooves, use in conjunction with Cornucreesine Original Hoof Ointment to aCDM-CCelerate hoof growth and aid re-structuring.

500ml	CDM-HO105
-------	-----------

# CORNUCRESCINE DAILY HOOF BARRIER

Step 3 of the Cornucreesine 3 step system for total hoof care.

Option 3. Strengthens and supports hoof structure to improve health and shoe retention

Advanced formulation creates 'one way barrier' to protect from excessive absorption of water and urine. Waterproofs the hoof, yet allows it to breathe naturally and moisture to be repelled. Contains anti-bacterial agents to guard against bacterial infection. Suitable for soft and crumbly hooves; ideal for daily use.

*Application*  
Ensure the hoof is clean, dry and free from oils & greases. Apply with internal brush to the hoof wall below the coronet band, including the sole and frog if desired, on a daily basis. Ideally, use before exposure to wet or muddy conditions. Dries in minutes, with a non-sticky, clear finish.

For damaged hooves, use in conjunction with Cornucreesine Original Hoof Ointment to aCDM-CCelerate hoof growth and aid re-structuring.

500ml	CDM-HO107
-------	-----------

CORNUCRESCINE DAILY HOOF MOISTURISER

Step 3 of the Cornucreesine 3 step system for total hoof care.

Option 2. Helps prevent cracks, splits and damaged hoof structures

Primarily for use in dry conditions, the Advanced, water-based formulation penetrates deep into the hoof horn to aid moisture replacement. If used on a daily basis this product maintains the optimum hoof moisture. Contains an integral, quality brush for easy application.

Application

Ensure the hoof is clean and dry and free from oils and greases. Apply liberally with internal brush to the entire hoof structure, on a daily basis.

For damaged hooves, use in conjunction with original hoof ointment to aCDM-CCelerate hoof growth and aid restructuring.

500ml	CDM-HO109
-------	-----------

CORNUCRESCINE DAILY HOOF SUPPLEMENT

Step 1 of the Cornucreesine 3 Step System for Total Hoof Care

Premium specification to build and maintain strong, and healthy hooves.

Superior recipe delivers 20mg of biotin per day for a 500kg horse. Contains a broad range of quality ingredients, formulated at optimum levels for increased absorption and maximum benefit. Ideal for all hoof types, including dry & brittle and soft & crumbly hooves. This palatable, pelleted formula is easy to mix or feed alone.

Application

For best results feed daily as part of total approach to hoof care. New healthy hoof growth will be evident within 3 months, although it can take between 9-12 months for a full new healthy hoof to grow. A 6kg tub will last for 30 days for an average 500kg horse.

6kg	CDM-HO111
-----	-----------

TEA TREE HOOF OIL

Step 3 of the Cornucreesine 3 step system for total hoof care

Option 4. Maintains and protects the hoof, leaves a long-lasting show-ring shine

A modern alternative to traditional style oils. Maintains and protects the hood, leaving a lasting show ring shine. This rich, translucent oil, is suitable for all hoof colours. Contains tea tree oil for its antibacterial and antifungal properties.

Application

Apply with internal brush to the entire hoof for an immediate long lasting shine with added tea tree protection.

For damaged hooves, use in conjunction with Cornucreesine Original Hoof Ointment to aCDM-CCelerate hoof growth and aid re-structuring.

500ml	CDM-HO113
-------	-----------

EST. 1765

VANNER & PREST HOOF OIL

Provides a show-ring shine and helps maintain healthy hooves.

A traditional formulation combining pine tar oil with mineral oil to provide mild antibacterial properties, with a distinctive aroma. Great for giving a traditional shine while maintaining healthy hooves.

*Application*  
Apply with a hoof brush to the entire hoof for an immediate shine. 500ml will last for up to 2 months, with regular use.

500ml	CDM-HO115
1 Litre	CDM-HO117
5 Litre	CDM-HO119

VANNER & PREST STOCKHOLM TAR

Seals, waterproofs and protects damaged areas of the hoof.

A versatile hoof care product that seals, waterproofs and protects damaged areas of the hoof. Natural, thick vegetable tar maintains a healthy frog, sole and wall of the hoof. Traditional application, contains the anti-bacterial action of pine turpenes.

*Application*  
Apply directly with a brush or spatula to the required area of the hoof. Protects immediately. Re-apply as required.

455ml	CDM-HO121
-------	-----------

PROTECTION PLUS

An Anti-bacterial salve to protect and waterproof vulnerable areas.

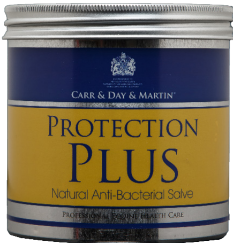

This antibacterial pink ointment with a citronella scent has numerous uses. Ideal to protect and waterproof wounds and as a barrier against mud fever and sweet itch. A tack box essential.

*Application*  
Ensure the affected area is clean. Apply liberally to affected or vulnerable areas, ensuring even coverage. Re-apply daily, or as required.

For best results, apply prior to exposure to wet and muddy conditions.

- Key Ingredients**
- Oil of citronella
  - Anti-bacterial Agent
  - Petroleum Jelly

500g	CDM-HE037
------	-----------

LAVENDER LINIMENT

Dual purpose liniment and rinse for use on swellings and tight, stiff muscles.

Lavender liniment is a dual purpose liniment with both heating and cooling effects. For use on swellings, aching joints and tight stiff muscles. Arnica and witch hazel help to reduce bruising,

*Application*  
Use neat as a rub before exercise to warm up cold, stiff muscles & joints. You can also dilute in hot water for a warm soothing wash, or cold water for a refreshing rinse.

- Key Ingredients**
- Menthol
  - Witch Hazel
  - Arnica

500ml	CDM-HE033
-------	-----------

EXTRA STRENGTH INSECT REPELLENT SPRAY

Optimum DEET

Powerful insect repellent; repels midges and all flying and biting insects effectively.

Extra Strength Insect Repellent Optimum DEET is a proven, effective alternative to a natural-based repellent. This powerful formula gives maximum protection from midges and biting insects. Contains the proven, researched active ingredient DEET, at an optimum level of 20% for powerful, long-lasting protection.

*Application*  
Shake well and spray liberally onto the horse or apply with a cloth, taking care to avoid eyes and mucous membranes. If using for the first time, test on a small area of skin to establish suitability. Provides instant protection, apply twice daily for maximum protection.

500ml	CDM-HE007

Effective natural formula, repels midges and all flying and biting insects.

Citromax has a natural water-based formula containing citriodiol for safe, long-lasting protection. Big value pack; ideal for times of high use. Contains the only natural HSE approved ingredients. Repels midges and all flying and biting insects.

*Application*  
Shake well and spray liberally onto the horse, or apply with a cloth. If using for the first time, test on a small area of skin 24 hours before general use to establish suitability. Provides instant protection; apply twice daily.

500ml	CDM-HE022
-------	-----------

ICE BLUE LEG COOLER

Quickly cools and soothes hot or tired legs.

Fast acting, easy to use leg cooler gel that quickly soothes hot or tired legs. Ice Blue contains a number of premium ingredients such as; arnica and witch hazel to help with cooling and relaxation; Menthol and camphor, to soothe and cool.; Tea Tree for its antibacterial and antifungal properties.

*Application*  
Apply neat to legs after heavy exercise and work on hard ground, or to kicks and knocks to cool and calm. No need to bandage, no mess. Ice Blue can also be diluted for use as a refreshing body wash. Contains camphor and menthol; please allow a withdrawal period of 1-2 weeks if competing under BHA rules.

- Key Ingredients**
- Menthol – has renowned soothing, cooling properties
  - Camphor – has superb cooling and soothing properties.
  - Arnica – renowned cooling properties
  - Witch hazel – a potent astringent; ideal for cooling and relaxation properties
  - Tea tree oil – anti-bacterial and anti-fungal.

500ml	CDM-HE039
-------	-----------

# BELVOIR STEP 1 TACK CLEANER SPRAY

Effectively cleans leather; removing dirt, grease and sweat with ease.

No need to scrub before conditioning any more. Step 1 gently lifts ingrained grease, sweat and dirt to enable you to wipe off dirt easily. The pH neutral formula will not rot stitching or over dry the leather, whilst the antifungal formula helps prevent the growth of mould and mildew. Belvoir Tack Cleaner can also be used to hygienically remove existing mould from affected saddlery, leaving the perfect surface for the immediate application of a conditioning soap or oil.

*Application*  
Spray directly onto leather and wipe clean. For ingrained grease leave in contact for 5 minutes. If mould is present, make sure cloth is not re-used and it disposed of, away from leather items.

Can also be used on synthetic leather. Test on a hidden area before use, results are immediate.

500ml will last up to 2 months, dependent on use.

500ml	CDM-LC005
-------	-----------

# BELVOIR STEP 2 TACK CONDITIONER SPRAY

Softens, preserves and shines saddlery leather.

Made from the original recipe to condition, protect and add shine to leather. A pure, clear, quality conditioner formulated with glycerine and coconut oil, for regular use with minimum effort. The glycerine fills and seals pores in the leather to form a barrier against salt, dirt, grease and water. Use after 'Step 1' Belvoir Tack Cleaner.

*Application*  
Spray evenly onto clean leather and gently rub in with a cloth or sponge. When dry, polish using a soft dry cloth.

Not suitable for aniline or untreated leather, suede or nubuck. Test on a hidden area before use.

500ml	CDM-LC014
5 Litre	CDM-LC018

# BELVOIR TACK CONDITIONER TRAY

Softens, Preserves and Shines Saddlery Leather.

In a re-sealable tray, the original, traditional bar soap that conditions, protects and adds shine to leather. This pure, clear

500ml	CDM-LC020
-------	-----------

# BELVOIR LEATHER BALSAM INTENSIVE CONDITIONER

Feeds and nourishes leather. Ideal for new, fine or water saturated leather.

500ml	CDM-LC026
-------	-----------

BELVOIR TACK CLEANER WIPES

Convenient, single-use impregnated wipe removes surface dirt and mud with ease.

Convenient and handy, individually sealed tack cleaning wipes. Great for when you're on the go or when time is tight. The pH neutral formula will not rot stitching or over dry the leather and the antifungal formula helps prevent the growth of mould a mildew. Also ideal to hygienically remove existing mould from affected saddlery. (For ingrained grease and dirt use 'heavy duty' Belvoir Tack Cleaner in a spray bottle).

*Application*  
Remove wipe from individual sachet and fully unfold. Wipe over dirty tack using both sides of the wipe. If mould is present, make sure the wipe is disposed of away from leather items. Can also be used on synthetic leather.

Test on a hidden area before use.

15 Wipes	CDM-LC009
----------	-----------

BRECKNELL TURNER SADDLE SOAP

A traditional soft wax formulation to thoroughly condition leather saddlery.

An alternative to Belvoir Conditioner Soap Tray for those that prefer a matt finish. An established soft wax formulation to thoroughly condition the leather. Use regularly after 'Step 1' Belvoir Tack Cleaner.

*Application*  
Apply to clean tack and gently rub in with a cloth or sponge. Not suitable for aniline or untreated leather, suede or nubuck. Test on a hidden area before use.

500ml will last up to 2 months, dependent on use.

250ml	CDM-LC022
500ml	CDM-LC024

VANNER & PREST NEATSFOOT COMPOUND

Nourishes and restores old and new leather.

Fast acting, deep penetrating formula containing pure Neatsfoot Oil and mineral oils that will not rot stitching. Fantastic for softening stiff or new leather, also excellent for restoring leather after storage or prolonged use in rain. Can be used routinely to nourish and rehydrate or as a preventative to avoid drying and cracking.

*Application*  
Ensure leather is clean, then apply a thin layer to the flesh side of leather and allow to soak in. If required, also apply a thin layer to the grain side. Re-apply if leather still appears stiff, taking care not to over-oil. Not suitable for aniline or untreated leather, suede or nubuck. Test on a hidden area before use.

500ml	CDM-LC028
1 Litre	CDM-LC030
5 Litre	CDM-LC032

CARRS LEATHER OIL

Intensively nourishes and moisturises leather items leaving them soft and supple.

300ml	CDM-LC034
-------	-----------

KO-CHO-LINE LEATHER DRESSING

A thick grease to protect and revive saddlery leather.

A unique thick, pink grease which protects leather from mould and mildew when in storage. Ko-Cho-Line will not rot stitching and can be used on metal to prevent rusting. This specially formulated conditioner can also be used to renovate and revive tired saddlery.

*Application*  
Apply a generous layer to both sides of clean, dry leather prior to storage. For general use, apply to clean leather and leave for 12 hours. Wipe away any dressing that remains. Not suitable for aniline or untreated leather, suede or nubuck. Test on a hidden area before use.

225g	CDM-LC036
------	-----------

TACK CLEANING SPONGE

Ideal for applying cleaners or conditioners to all types of leather.

A high density, hard wearing quality sponge, specifically for cleaning tack or applying conditioners. This essential piece of kit will last approximately 2-3 months, dependent on use.

A close-up, vertical photograph of a horse's head, focusing on its eye. The horse has a light brown coat. The eye is dark and reflective, with long, dark eyelashes. The skin around the eye is wrinkled. The background is blurred, showing more of the horse's head and neck. A solid blue vertical bar is on the right side of the image.

**KERATEX HOOF PUTTY**

This flexible wax plugs holes in the sole of the hoof, preventing the damage that can be caused if grit, mud and stones enter the cavity causing injury or other problems. The wax also has a disinfecting action and, because it forms a barrier to the outside environment.

Size	Code
200g	KER-4855

# HEALTHCARE

MONTH	WORMER
January	Ivermectin or Moxidectin 
February	Pyrantel Embonate - double dose. Kills tapeworm. 
March	Fenbendazole 10% - 5 day course. Removes all stages of encysted redworm larvae from gut wall acquired during winter. 
April - August	Routine worming every 4-13 weeks (depending on the wormer you choose). Rotate the wormer (active ingredient) you use during this period every year, not every time you worm your horse. 
September	Ivermectin & Praziquantel or Pyrantel Embonate - double dose. Targets Tapeworm. 
October - November	Fenbendazole 10% - 5 day course. Removes all stages of encysted small redworm larvae in the gut wall acquired during summer. This 5 day treatment will also remove migrating large redworm larvae, adult large redworm, seatworm and benzimidazole susceptible adult small redworm. 
December	Ivermectin or Moxidectin. Kills bots. 

EMBOTAPE

Embotape contains 11.4g of Pyrantel Embonate as the active ingredient. Embotape is effective against large and small redworms, ascarids and pinworms. A double dose is needed to be effective against tapeworms (see Embotape 57).

1's (20 per box)	WRM-8
------------------	-------

EMBOTAPE 57

Embotape 57 contains Pyrantel Embonate, as the active ingredient. Embotape 57 is effective against large and small redworms, ascarids and pinworms. This double dose in a single tube targets tapeworms in the Spring and Autumn.

1's (20 per box)	WRM-9
------------------	-------

BIMECTIN

Bimectin is an Ivermectin based wormer containing 1.87% Ivermectin. It is apple flavoured for enhanced palatability. Bimectin targets large and small strongyles, lung worms, pinworms, ascarids, hairworms, large mouth stomach worms, neck and thread worms, intestinal thread worms and stomach bots.

1's (24 per box)	WRM-4
------------------	-------

NOROMECTIN

Noromectin is an Ivermectin based wormer containing 1.87% Ivermectin. It targets all parasites including large and small redworms, ascairds, stomach worms, intestinal thread worms, custaneous worms and bots..

1's (10 per box)	WRM-6
------------------	-------

ERAQUELL

Eraquell paste is an Ivermectin based wormer containing 1.87% Ivermectin. It targets all parasites including large and small redworms, ascairds, stomach worms, intestinal thread worms, custaneous worms and bots.

1's (12 per box)	WRM-5
------------------	-------

EQVALAN

Eqvalan is an Ivermectin based wormer containing 1.87% Ivermectin. It targets all parasites including large and small redworms, ascairds, stomach worms, intestinal thread worms, custaneous worms and bots. Eqvalan can be used in horses of all ages.

1's (20 per box)	WRM-3
------------------	-------

# HEALTHCARE

## EQUIMAX

Equimax combines Ivermectin for routine worm control with Praziquantel, one of the worlds most effective tapeworm treatments. This combination allows you to protect your horse through the year in 5 single dose treatments.

1's (12 per box)	WRM-12
------------------	--------

## IVERPRAZ

Iverpraz has two active ingredients Ivermectin & Praziquantel. Ivermectin will target all parasites including large & small redworms, ascairds, bots etc while the Praziquantel will fight all 3 species of Tapeworm in one single dose.

Code	Size
WRM-38	1's (12 per box)

## EQVALAN DUO

Eqvalan Duo contains both Ivermectin and Praziquantel and can combat a mixture of infestations including roundworms, arthropods and tapeworms. Eqvalan Duo is licensed to treat more species and stages of parasite than any other wormer.

1's (20 per box)	WRM-11
------------------	--------

## EQUEST

Equest contains Moxidectin which has a unique persistency allowing dosing intervals of 13 weeks. Highly effective against bots and other internal parasites. It is the only wormer that controls encysted developing larvae of small redworms in one standard dose.

1's (20 per box)	WRM-1
------------------	-------

## EQUEST PRAMOX

Equest Pramox is the only wormer to contain Moxidectin and Praziquantel and offers a unique level of control. Now you can control all stages of small redworms, (including the harmful encysted larval stages) as well as other roundworms, bots and all 3 species of tapeworm in one single dose.

1's (20 per box)	WRM-2
------------------	-------

## EQUITAPE

Equitape is a single dose treatment containing Praziquantel for tapeworm control. For use in Spring and Autumn. Most effective when used with Equest for comprehensive worm control.

1's	WRM-10
-----	--------

## PANACUR PASTE

A Fenbendazole based broad spectrum anthelmintic for the treatment of infestations of immature and mature stages of nematodes in the gastro-intestinal and respiratory tracts of horses. These include large and small strongyles, ascarids, oxyurides, strongloides and lungworm species.

1's (10 per box)	WRM-17
------------------	--------

## FENBEN 10

FenBen 10 is highly effective against all species of roundworms affecting horses and cattle. FenBen 10 contains 10% Fenbendazole as the active ingredient and has an ovicidal effect on roundworms. Best given with a "Jabs" veterinary dosing syringe.

# PLUSVITAL ENERGENE Q10

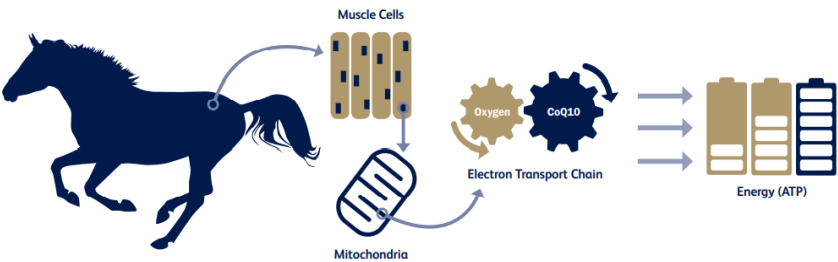

A source of CoQ10, which increases and maintains a horse's energy levels during peak performance, while facilitating improved recovery after intense exercise. Scientifically formulated supplement linked to the Speed Gene type of a horse.

- Key Benefits
- Specifically tailored supplement increased and maintains energy levels of horses during exercise with particular benefit for stamina(TT) types.
  - Delayed onset of fatigue
  - Improved response to training
  - Enhanced recovery following intense exercise

Size	Code
750g	PLV3

## How EnerGene-Q10 works

## PLUSVITAL RACING SYRUP

The original Plusvital product, first introduced in 1975, Plusvital Racing Syrup is a palatable, molasses-based, multivitamin balancer, designed to take the guesswork out of balancing the daily feed ration of a racehorse. Plusvital Racing Syrup contains 30 key vitamins, minerals, trace elements and amino acids that play a vital role in equine nutrition. The intensive modern training programmes of racehorses require a diet that provides all the key nutrients to combat the stress and to maximise the horse's athletic potential.

Desc.	Size	Code
Racing Syrup	5L	PLV4-1

# FORAN

## EQUINE

## 1. MUSCLE MAX

A highly palatable syrup of vitamin E and Selenium, B-group vitamins and a significant level of the essential amino acid L-lysine. Effectively maintains the natural development of muscles, improving tone, ability and performance.

MMAX1	1L
MMAX2	2.5L
MMAX3	5L

## 2. NEUTROLAC

Maintains the body's natural defence against tying up. A nutritional balance for excess lactic acid.

NEUT1	1L
